

Diversity Certificate

■ What Is Diversity?

American society is becoming more culturally diverse than ever before. Globalization of business is shrinking the world on a daily basis. Studies in diversity help us prevent difficulties born of ignorance and misunderstanding. Like knowing how to write, knowing how to communicate and get along with people who are different from ourselves is a valuable asset for any career.

■ Success Factors

If you are considering a study in diversity, you should be emotionally mature, objective, and sensitive to other people. You should also be willing to try new ideas and stretch your comfort zones.

■ Career Possibilities

This certificate does not prepare you for a specific career. Rather, it makes you more competitive in your chosen discipline. It is especially useful for education, business, law enforcement, and human social services majors.

■ Program Requirements

This program is designed for those in education, human resource management, social services, law enforcement and anyone anticipating dealing with the changing demographics of our society and the workplace.

You may choose from 3 areas of concentration—women’s studies, race studies, and cross cultural studies.
