***// At UC Clermont,
our students are the
center of all that we
do. No matter your
path, let us help you
begin your journey. //***

– Dean Jeffrey C. Bauer

SUCCESS BEGINS HERE.

A photograph of two young women in graduation caps and gowns. The woman on the left is smiling broadly, showing her teeth. The woman on the right is also smiling, with her mouth open in a joyful expression, and is giving a thumbs-up gesture. They are both wearing black graduation caps with green tassels and black gowns. The background is slightly blurred, showing what appears to be a building or structure.

We are UC—in an accessible, regional campus package. Our tuition is affordable, class sizes are small, and students thrive in our friendly, supportive environment that provides personal attention focused on their unique career and academic goals.

SCHOLARS BEGIN HERE.

A young woman with dark hair tied back, wearing a white lab coat, is shown in profile, looking through a microscope. She is in a laboratory setting with shelves of glassware in the background. The text 'SCHOLARS BEGIN HERE.' is overlaid on the top left of the image.

Our students live modern, busy lives. Our increasing slate of online courses breaks down barriers by allowing students to study anytime, anywhere, on their schedules. Combined with undergraduate research opportunities and new pathways to four-year degrees, UC Clermont is poised to meet the challenges facing students today—and tomorrow.

Jen McKellar '19
Major: Biology

Stacks of Success

Thanks to the generosity of community partners, the UC Clermont Library has transformed into an inviting, modern student hub that now includes new lounge furniture, reconfigured space on the first floor and tech-savvy study rooms for student collaboration.

Smarter Study

The Academic Success Center offers free tutoring for all UC Clermont students. Friendly, professional staff members work with students one-on-one or in groups. The ASC is committed to helping students become successful, independent learners through partnerships that promote individual interests and abilities.

Alfred and Godfred Mantey '16

Major: Biology, Pre-Pharmacy

Healthy goals: Growing up in Ghana, West Africa, twins Alfred and Godfred Mantey recognized the link between poverty and health early on. "Being surrounded by these issues gave us the urge to help people through better healthcare," says Godfred. "We have the opportunity to study here and feel like it is our responsibility to gain the knowledge and skills we need to help others back home."

Where they are now: Godfred is a student in UC's James L. Winkle College of Pharmacy, while Alfred is studying for the MCAT exam, conducting research at UC's Academic Health Center and shadowing physicians on UC Medical Center's trauma team.

Best advice: "It's hard to actually take the first step toward a dream," Alfred says. "But the first step is the most important. Ours was UC Clermont."

CAREERS BEGIN HERE.

When our students graduate, they are ready to work and easy to hire. Domestic and international study opportunities, internships and support services like the new Career Closet provide students with the resources they need to gain professional experience, increase critical thinking skills and expand their worldview.

Rockelle Ober '16

Major: Pre-Business Administration

Unsure start: When Rockelle Ober's out-of-state college plans fell through, she found herself at UC Clermont. "I got on campus and absolutely loved it. I was so surprised by all that the college offered."

Where she is now: Ober transitioned to UC's Lindner College of Business and earned her bachelor's degree. While a student, she interned at Toyota and now holds a full-time position with the auto giant.

Best advice: "Be open-minded and get involved with your professors. Build as many relationships as you can. It's going to be more than OK; it will be great."

EXCITE Center

The EXCITE Center is home to UC Clermont's Career Services, experiential learning (internships) and workforce training. EXCITE is where students and employers connect with the goal of developing the best and brightest talent. The brand new center, located in McDonough 100, is a modern, collaborative space that is used for student workshops, employer campus visits and career events.

BEARCATS BEGIN HERE.

UC Clermont acts as a springboard for students pursuing advanced degrees—providing a solid foundation that helps them reach the next level.

Isaac Gilbert '17

Major: Pre-Business, Marketing Management Technology

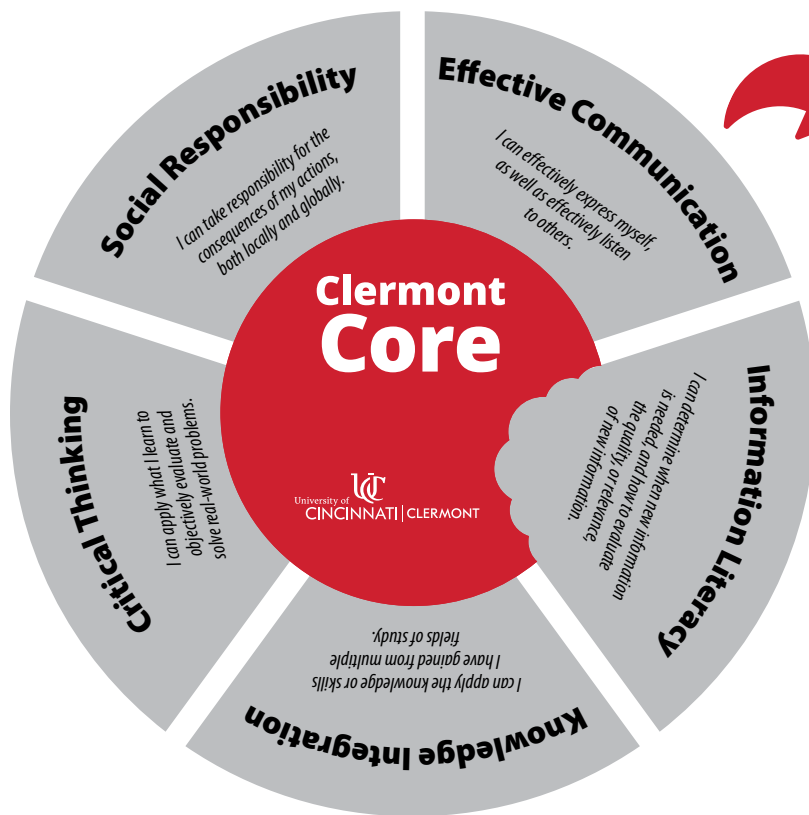

Get out there: "Any employer is going to ask you in a job interview, 'what can you do?' 'What have you done?' Experience is key, especially in the business field." Gilbert interned at State Farm Insurance while a UC Clermont student.

Where he is now: Gilbert graduated with his bachelor's degree from UC's Lindner College of Business and accepted a full-time position with Toyota at the company's headquarters in Plano, Texas. His goal is to eventually work for an Elon Musk company, such as Tesla or SpaceX.

In 2018, nearly **1,000** students transitioned from UC Regionals to the UC Uptown campus.

Clermont Core

Our academic programs and courses are purposefully designed around the Clermont Core to reinforce essential skills for success in any career or advanced education. These five areas—critical thinking, effective communication, information literacy, knowledge integration and social responsibility—are the basis of a comprehensive education.

Get Involved

With a variety of student organizations on campus plus Student Government, there are plenty of opportunities to connect with classmates and gain leadership experience. Students can also participate in more than 500 clubs and organizations at UC's Uptown Campus, including: fraternities and sororities, the UC Bands, cheerleading, academic, political, service, special interest, cultural, religious and honorary groups, and recreational and intramural sports. UC Clermont offers student tickets to Bearcats' football and basketball games, too.

CHAMPIONS BEGIN HERE.

YOUR TURN

Financial Aid

Scholarships

UC and UC Clermont offer three types of scholarships: Cincinnatus, Merit, and donor-based. Scholarships are available to new college students, transfers and adult learners in a variety of academic programs. Cincinnatus requires the application, transcripts and ACT scores be at UC by Dec. 1 for consideration. Merit and donor award requirements and deadlines are posted at ucclermont.edu.

Grants

A free money gift can be awarded to students who complete a FAFSA (Free Application for Federal Financial Aid) and are determined to have financial need. Call 513-732-5319 to discuss free FAFSA workshop options available at UC Clermont.

Freshman	\$9,500
Sophomore	\$10,500
Junior/Senior	\$12,500

Work Study/

Federal Work Study

- Federally subsidized employment program awarded by UC
- Based on financial need; early aid application
- Earning eligibility to \$3,000

Tuition Guarantee

Beginning in Fall 2019, the University of Cincinnati is proud to introduce the Cincinnati Tuition Guarantee for new, degree-seeking first-year and transfer students. The Cincinnati Tuition Guarantee for incoming undergraduate students guarantees a set amount for base tuition. That means incoming undergraduate classes will never know an increase in their base tuition when completing a two, four or five-year degree.

Implementation of the Cincinnati Tuition Guarantee is subject to the parameters established by the Ohio Department of Higher Education and the Ohio Revised Code.
